

# DPS&C BENCH BOOK

V.1 | 7/1/2024

Resource guide for Judges and Attorneys about programs available at the La. Dep.t of Public Safety & Corrections for people in custody or under supervision.

## Table of Contents

Alternatives to Incarceration for Probated Sentences
Don Francois Alternative Center
Louisiana Transitional Center for Women Substance Abuse Program2
Intensive Incarceration
Day Reporting Centers4
Reentry Court Program
Transitional Work Program
Specialized Programs for Post Adjudication Incarceration
Mental Health Evaluation and Treatment       8
Blue Walters
Steve Hoyle Intensive Substance Abuse Program
Louisiana Transitional Center for Women9
Short Term (STEP) Expanded Programming
Young Adult Program (YAP)
Transitional Work Programs
Goodtime Calculation Rate

## Alternatives to Incarceration for Probated Sentences

Alternatives to Incarceration programs require specific language reflected in the court minutes and result in the defendant either remaining on probation supervision or being returned to probation supervision upon completion of the program.

Alternatives to Incarceration for Probated Sentences			
Program & Points of Contact	Description	Eligibility/Suitability	Court Minutes Language
Don Francois Alternative Center	Available for male and female participants.	Recommended by P&P in response to Probation Violation.	If referring as part of Technical Revocation under C Cr P Art 900:

Contact: P&P Headquarters 225-342-3097		Minimum of four years before earliest release date but pursuant to the provisions of RS 15:711 and 15:1111.	"In lieu of revocation, the offender is ordered to complete up to 6 months in TWP."
		No history of violent offenses or violent behavior.	
		Defendant must be medically stable to be able to maintain employment.	
		Defendant must not have a history of escape within the last seven years.	
		Defendant must be deemed suitable by the agency.	
		No pending felony charges or detainers.	

## Specialized Programs for Post Adjudication Incarceration

These programs require the court to **revoke the defendant's probation and/or sentence the defendant to DPS&C custody.** The court may recommend any of these programs for the defendant. DOC will place the defendant in appropriate programs based upon the classification process, which includes consideration of court recommendations. Upon program completion, the defendant must complete his or her period of incarceration and is not returned to probation supervision.

Any credit for time served while held in custody pretrial and eligibility for the application of good laws will impact the amount of time an individual will serve in custody and therefore could have a negative impact of the individual's ability to participate in and successfully complete the recommended program.

Specialized Programs for post-Adjudication Incarceration in DPS&C Custody

## Goodtime Calculation Rate

The below **goodtime calculation examples are for illustrative purposes** only and are intended to serve as a guide that can be used to **estimate** the amount of time a person may be required to spend in the custody of the Department of Corrections pursuant to a particular sentence(s) and or revocation(s) before releasing via diminution of sentence/goodtime (if otherwise eligible for good time under statutes applicable at the time the offense was committed).

Official time calculations and release dates are completed by the Department of Corrections during the pre-classification intake process and upon receipt of all relevant sentencing documents including, but not limited to, the uniform commitment, pre-trial jail credit, and/or revocation history. This process also must factor in other applicable information such as previous convictions, concurrent or consecutive sentences, offender class etc. all of which may also impact time calculations. Furthermore, time calculations and release dates can be subsequently updated throughout inmate's incarceration as needed due to course completions, disciplinary loss of or restorations of goodtime, and or subsequent sentences.

#### **Key Definitions:**

- 1. **Goodtime**: eligible inmates custody of the department who has been convicted of a felony, may earn a diminution of sentence by good behavior and performance of work or self-improvement activities, or both, to be known as "good time". Earning rates are determined by statute. LA.RS. 571.3.
- 2. **Certified Treatment Rehabilitative Programs "CTRP"**: eligible inmates may earn additional credits towards the reduction of projected goodtime parole release date for completion of Certified Treatment Rehabilitation Courses such as education, job skills training, values development and faith-based initiatives, therapeutic programs, and treatment programs pursuant to La. R.S. 15:828B.

### **General Goodtime Calculation Formula for Offenses:**

#### GOOD TIME RATES FOR OFFENSES COMMITTED PRIOR TO AUGUST 1, 2024

#### Nonviolent Offense Basic Sentence Computation

• {Total Sentence Length} x {35% Good Time Rate} – {Jail Credit Days} – {360 Days CTRP Credit} = Projected Good Time Release Date

Example 1: 10-year sentence for drug possession with 1-year of jail credit and max CTRP credit

• 10 years x 35% - 1 year jail credit – 360 days CTRP credit = 1.5 years Projected Good Time Release Date

#### **Violent Offense Basic Sentence Computation (Assumes 1<sup>st</sup> Offense)**

• {Total Sentence Length} x {75% Good Time Rate} – {Jail Credit Days} – {360 Days CTRP Credit} = Projected Good Time Release Date

**Example 2:** 10-year sentence for armed robbery with 1-year jail credit and max CTRP credit

• 10 years x 75% - 1 year jail credit – 360 days CTRP credit = 6.5 years Projected Good Time Release Date

#### Notes about Legacy Good Time Rates

- Ordinary goodtime earn/award rates are different for nonviolent and violent offenses etc.
- Assume all defendants will earn maximum amount of CTRP credit of 360 days.
- Calculation formula above accounts for goodtime awarded in conjunction with pretrial jail credit.
- Offender class is irrelevant when the offense is nonviolent.
- 2 or more violent offenses are <u>flat</u> with no good time
- Sex offenses and habitual offender sentences are *flat* with no ordinary good time
  - Non sex habitual offenders may earn up to 360 CTRP

#### NEW GOOD TIME RATES FOR OFFENSES COMMITTED ON OR AFTER AUGUST 1, 2024 (2024 Special Crime Session)

#### **Basic Sentence Computation**

*Note\** No distinction between violent and nonviolent crimes in terms of ordinary goodtime earn/award rates.

 {Total Sentence Length – Jail Credit} x {85% Good Time Rate} –{360 Days CTRP Credit} = Projected Good Time Possible Release Date

**Example 1:** 10-year sentence for drug possession with 1-year of jail credit and max CTRP credit

- {10 years 1 year jail credit} x 85% 360 days CTRP credit = 6.65 years Projected Good Time Release Date
  - For reference, under new goodtime rates the same sentence for non-violent offense as illustrated in example on p.13 results in 5.15 years longer must serve rate than under previous rates.

**Example 2:** 10-year sentence for armed robbery with 1-year jail credit and max CTRP credit

• {10 years - 1 year jail credit} x 85% – 360 days CTRP credit = 6.65 years Projected Good Time Release Date

#### Notes about New Good Time Rate

- No distinction between violent and nonviolent crimes in terms of ordinary goodtime earn/award rates.
- No additional good time on pre-trial jail credit/above calculation formula accounts for this change.
- Max amount of ordinary goodtime towards release date is 15%.
- Sex offenses and Habitual offender convictions are *flat* with no ordinary good time.
- For purposes of above formula, assume all defendants will earn maximum amount of CTRP credit of 360 days.
